

YELLOW CRITIKON CLASSIC-CUF Blood Pressure Cuffs

The yellow CRITIKON™ CLASSIC-CUF™ is designed for single patient use within an isolation environment. These vinyl cuffs are priced as disposable-use cuffs and support your infection prevention protocols. They provide the same quality and assurance that you expect from the entire line of CRITIKON cuffs, while tailored for isolation areas.

A trusted choice for clinical excellence

- Cuffs are held to the same quality standard as all GE patient monitors, with repeated inflations to ensure accurate readings
- Large bold print helps you quickly choose the right cuff, enabling a more accurate measurement
- Yellow color helps make it easy to identify in isolation rooms

Constructed for patient safety and durability

- Easy-to-clean, vinyl material is not made with natural rubber latex or DEHP, making them safer for your patients
- A full range of cuff sizes are available, from infant to adult and thigh, ensuring that the measurement you receive is from a proper fit
- DINACLICK™ connector meets ISO 80369-5 international standards, lowering the risk of improper connections to other types of medical equipment

Designed to improve workflow

- Easy-to-use, fast DINACLICK connector enables nurses to link the cuff to the monitor quicker than other dual-tube connectors
- Compliant with AAMI and AHA NIBP cuff sizing standards for prompt, correct sizing
- A full range of adapters and connectors are compatible with automated monitors and a variety of manual devices, including wall manometers and hand-held gauges, enabling a universal connection system throughout the facility inventory management

YELLOW CLASSIC-CUF

ISO 80369-5 compliant
