

CRITIKON DURA-CUF

Blood Pressure Cuffs

CRITIKON™ DURA-CUF™ is gentle and designed for durability. Made with tough, flexible nylon, they are convenient and easy-to-clean with curved corners to enhance your patient's comfort. They are constructed for multiple patient use in low-acuity care settings and ideal for physicians offices where the risk of contamination is diminished.

Designed for patient safety, comfort and accuracy

- Made with durable materials that can withstand extensive use, and multiple disinfections and cleanings
- Designed with rounded corners to enhance patient comfort
- Constructed with materials not made with PVC or natural rubber latex, making them safer for your patient
- Compliant with AAMI and AHA NIBP cuff sizing standards for prompt, correct sizing
- DINACLICK™ connector meets ISO 80369-5 international standards, lowering the risk of improper connections to other types of medical equipment

Suitable for virtually every physician's office

- Easy-to-use, fast DINACLICK connector enables nurses to link the cuff to the NIBP hose quicker than a pair of traditional tube connectors
- A full range of adapters and connectors are compatible with GE-HealthCare and non-GE-HealthCare automated BP devices, as well as on a variety of manual devices, including wall manometers and hand-held gauges, enabling a universal connection system throughout the facility
- Three types of cuff assortment packs enable easier ordering and optimization of inventory space

DURA-CUF

ISO 80369-5 compliant

Size	Color	Limb Circumference	2-Tube DINACLICK Connector	1-Tube Bayonet Connector
Infant	Orange	8-13 cm	DUR-P1-2A-5S	002274
