

IEC compliant

ECG Cables and Leadwires

Easy connection. Accurate measurements.

GE ECG cables and leadwires help you reliably make the correct connection to GE devices. These high-quality reusable cables complement your equipment, enabling accurate measurements. GE cables and leadwires undergo strict testing to help ensure quality, reliability and safety. They have been tested and verified as compatible with GE devices to deliver optimum performance and a high standard of care.

Durable

Resistant jacketing extends cable life, facilitates cleaning and remains flexible to withstand bending and twisting and enhance patient comfort.

Easy to use

The leadwires and adaptors include color coding and labels on both ends to reduce the errors in setting up the leadwires and save time to the clinician to focus on patient care.

Integrated cable and leadwire set has unique grouping of leadwires that will help in untangling the cables easily and quick application on patient.

Product compatibility

The ECG trunk cables and leadwires are compatible and verified with the following GE equipment:

- MAC™ VU360, MAC 5500, MAC 3500, MAC 2000, MAC 800, MAC 600
- CASE® Cardiac Testing System
- CardioSoft® Cardiac Testing System

Our equipment. Our accessories. Simply compatible.

You can trust GE Healthcare accessories and consumables to keep your clinical devices working efficiently.

- One contact point for expert advice
- Simplified ordering process
- Fast delivery
- Quality support at every step

FEATURES

GE ECG leadwires are available in 10- and 14-lead configurations.

Leadwires are electrically shielded to protect ECG signal integrity.

PRODUCT SPECIFICATIONS

Materials

Does not contain natural rubber latex, DEHP, BPA or soft PVC

ROHS (Restriction of hazardous substances) compliant

Bio-compatibility compliant

Storage conditions

Recommended temperature -40° to 70°C (41°F to 158°F)

Recommended relative humidity 10% to 95%

Cleaning solutions

Ethanol 96%

Hydrogen peroxide 3%

Sodium Hypochlorite 0.5% NaOCl

Isopropyl Alcohol 70%

Mikrozid® sensitive wipes

Kleenaseptic®

Cidex® Plus

Sporicidin®

Never autoclave or steam-clean

Compliance

CE Mark

American Heart Association (IEC) standards
